

# City of Lincoln 2005 Stormwater Bond Issue Project 702257

## Fact Sheet Kucera Drive

The City of Lincoln's Watershed Management Department has identified several areas around the City where minor maintenance or replacements would help improve existing drainage conditions. One of the projects identified is in the vicinity of Kucera Drive just south of Tihen Circle. This project will add replace the existing inlets and add two inlets to the existing system to capture stormwater runoff. Kirkham Michael is currently designing these projects and it is anticipated that construction will take place in the summer of 2006. Funding for this project is provided by the 2005 Stormwater Bond Issue.
